Dear Parents and Carers

Re: Easter Holiday Break

Thank you for your co-operation and support during this period of change and adjustment. The staff have spent this week preparing work for a possible transition to remote learning for the start of Term 2. Remote learning will vary between schools and within schools. At MEC we will provide a variety of options for students to access their learning.

Younger students and those from our specialist setting will be receiving work packs that will arrive in the mail just after Easter. Our senior students will be either working online or from hard copy worksheets or text books. In all areas of the school, teachers will be contacting students online via interactive digital technologies, by email, phone or text. Health and wellbeing support will also be available. I will send more details about this towards the end of the holidays.

If any members of the MEC community wish to contact me over the holidays or into next term please text or ring me on 0488617900 or email me at maryborough.ec@education.vic.gov.au If you have any concerns about your child's transition to remote learning or concerns about health and well-being, please do not hesitate to make contact via the phone or email. I will then put you in touch with staff members who can assist you or work through the issue with you over the phone.

I wish you all a happy Easter and look forward to talking with you soon.

Kindest regards

David Sutton
Principal
