Enter your reflective comments	Due to the interruptions to the school year because of COVID-19 pandemic, progress on many of the areas was slower than we would have liked. In particular the postponement of the 7-12 PLCs meant that we were unable to move up the continuum in the Excellence of Teaching and Learning dimensions. Community engagement in learning was harder to achieve as our school and external agencies were focused on responding to the immediate needs of our students and families.
Considerations for 2021	We are excited about the possibilities that the Tutor Program provides to support students who have not made the gains this year, Also we are optimistic about the inclusive schooling reforms which we believe will allow us to further embed fully inclusive practices. MYLNS and the Alternate Program will continue to support vulnerable students and we are also fully supportive of the flagged changes for VCAL. We look forward to a more settled and predictable year and getting back on track with our planned improvements.
