

First Aid Policy

Help for non-English speakers

If you need help to understand the information in this policy, please contact Maryborough Education Centre- 5461 7900.

PURPOSE

To ensure the school community understands our school's approach to first aid for students.

SCOPE

First aid for anaphylaxis and asthma are provided for in our school's:

- *Anaphylaxis Policy*
- *Asthma Policy.*

This policy does not include information on first aid requirements for COVID-19. Our school follows the Department's operational guidance for first aid management relating to COVID-19.

POLICY

From time-to-time Maryborough Education Centre (MEC) staff might need to administer first aid to students at school or school activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

Staffing

The principal will ensure that MEC has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community.

Our school's trained first aid officers are listed in our Emergency Management Plan (EMP). Our EMP includes the expiry dates of the training.

This list is reviewed on an annual basis as a part of the Education Policy review period.

MEC's trained first aid officers are:

- First Aid Coordinator and replacements and 1 person nominated in Specialist
- other staff with Level 2 certificates (minimum required is 10 at MEC)
- list of staff with first aid training is maintained by First Aid Coordinator.

First aid kits

MEC will maintain:

- a major first aid kit which will be stored in sick bay (Majorca).
- 12 portable first aid kits which may be used for excursions, camps, or yard duty. The portable first aid kits will be stored:
 - Sick bay – Majorca
 - Sick bay – Beckworth.

The First Aid Coordinator will be responsible for maintaining all first aid kits, ensuring they are managed in accordance with the Department's policy and guidance on first aid kits – refer to [First aid kits](#).

Care for ill students

Students who are unwell should not attend school.

If a student becomes unwell during the school day, they may be directed to the sick bay and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student.

Sick bay area

Our school follows the Department's policy and guidance in relation to our sick bay area to ensure it is safe, hygienic and appropriately equipped: [First aid rooms and sick bays](#).

First aid management

If there is a situation or incident which occurs at school or a school activity which requires first aid to be administered to a student:

- Staff will administer first aid in accordance with their training. In an emergency situation, other staff may assist in the administration of first aid within their level of competence.
- in a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero “000” for emergency medical services at any time.
- staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- if first aid is administered for a minor injury or condition, MEC will notify parents/carers by sending a note home to parents/carers, phone call, or SMS.
- if first aid is administered for a serious injury or condition, or in an emergency situation, school staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practical.
- if staff providing first aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
- whenever first aid treatment is administered to a student resulting from a student incident, injury, or illness, MEC will:
 - record the provision of care on eduSafe Plus. If the care is provided following a [recorded incident](#), the details are recorded through the eduSafe Plus *Incident* form. For all other presentations, the eduSafe Plus *Sick Bay* form is used.
 - if care was provided in response to a medical emergency or reportable incident, follow the Department's [Reporting and Managing School Incidents Policy](#), including reporting the incident to the Department's Incident Support and Operations Centre on 1800 126 126 where required to under that policy.

In accordance with Department of Education and Training policy, analgesics, including paracetamol and aspirin, will not be stored at school, or provided as a standard first aid treatment. This is because they can mask signs of serious illness or injury. For further information refer to the Department's Policy and Advisory Library: [Medication](#)

COMMUNICATION

This policy will be communicated to our school community in the following ways:

- available publicly on our school's website
- included in staff induction processes and staff training
- reminders in our school newsletter
- hard copy available from school administration upon request.

FURTHER INFORMATION AND RESOURCES

This policy should be read in conjunction with the following Department policies and guidelines:

- [First aid for Students and Staff](#)
